OnduLine[®]
NORTH AMERICA

Can be used as ceiling
and wall liners in new
construction, and retrofitting
or up-grading older wood-lined
buildings such as:

- Hog Farms
- Poultry Farms
- Dairy Farms
- Kennels
- Riding Arenas
- Marinas
- Food Processing Plants
- Meat Packing Plants
- Fish Farms
- Car & Truck Washes
- Storage Facilities
- Factories

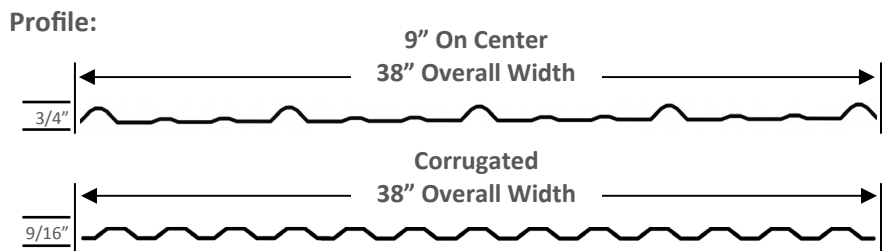

Benefits

- Non-Flammable
- Corrosion Resistant
- High-Impact Strength
- High Gloss Finish
- Easy to Cut to Length
- Easy to Install
- Excellent Light Reflection
- High Water Pressure Cleaning
- Noise Reduction Value
- Will Not Rust, Rot, Chip or Peel

Installation Tips

- Storage:** Inside, out of sun and always covered (climatize product)
- Cutting:** Single panels - use utility knife, scissors or snips. Multiple panels - cut with a circular saw using a plywood blade reversed.
- Screwing:** Predrill all fastening holes 1/8" to 3/16" larger than the diameter of the fastener being used or use a one-step galvanized (or stainless for corrosive environments) screw with neoprene washer.

Specifications

- Panel Sizes:** Widths: 38" Overall Width, 36" Coverage
Lengths: 8'2", 10'2", 12'2", 16'4", 20'4", 24'4"
Thickness: .032"
Custom Lengths Available

- Color:** Bright White or Black

Warranty

10-Year Limited Warranty
